## CALL FOR PAPERS

## CONFERENCE ON

# ARTIFICIAL INTELLIGENCE SYSTEMS (AIS)

# AIS

## SCOPE

Artificial Intelligence (AI) has been an important area of research in recent years, with rapid and significant advances occurring every month. AI involves not only the development of machine learning models, but also their integration into various technical systems for the purposes of automation and expansion of human knowledge. The conference will address topics related to the underlying technologies of AI systems, methods and tools, as well as all kinds of applications. Original scientific papers, reviews, and technical papers on various aspects of AI systems are welcome.

## Topics:

- Artificial Intelligence
- Artificial Intelligence in Industry
- Machine Learning & Deep Learning
- Signal, Image, and Video Processing & Analysis
- Natural Language Processing & Text Analysis
- Knowledge-Based Systems
- Formal Methods & Neuro-Symbolic Artificial Intelligence
- Hardware Architectures for Artificial Intelligence
- Trustworthy Artificial Intelligence & Explainability
- Soft Computing & Optimization

As an addition to the conference, **presentations** of products and services are welcome as well.

Official languages are English and Croatian.

Accepted papers in English presented at the conference will be submitted for inclusion in the IEEE Xplore Digital Library.

*Please forward to your colleagues*

## ABOUT LOCATION

Opatija is the leading seaside resort of the Eastern Adriatic and one of the most famous tourist destinations on the Mediterranean. With its aristocratic architecture and style, Opatija has been attracting artists, kings, politicians, scientists, sportsmen, as well as business people, bankers and managers for more than 180 years.

The tourist offer in Opatija includes a vast number of hotels, excellent restaurants, entertainment venues, art festivals, superb modern and classical music concerts, beaches and swimming pools – this city satisfies all wishes and demands.

Opatija, the Queen of the Adriatic, is also one of the most prominent congress cities in the Mediterranean, particularly important for its ICT conventions, one of which is MIPRO, which has been held in Opatija since 1979, and attracts more than a thousand participants from over forty countries. These conventions promote Opatija as one of the most desirable technological, business, educational and scientific centers in South-eastern Europe and the European Union in general.
